EDUCATION

- **Diploma in Mobile Application Design & Development** May 2021
Algonquin College - GPA: [3.82/4](#)
Dean's Honours List ([link](#))
Learned how to build web and mobile applications and use different technologies and programming languages. Design mobile website interfaces across different platforms and devices.
Topics covered include:
 - Full-Stack web development(Javascript, React, Redux, NodeJS)
 - Hybrid mobile application development(Cordova, React Native, Xamarin)
 - Native mobile application development(Kotlin, Swift)
 - Responsive web design(HTML, CSS, SASS, Bootstrap)
 - UI/UX design(XD, Figma, Sketch)
- **Bachelor Degree in Graphic Design** April 2017
South China Normal University
Using a combination of theoretical and hands-on learning, you gain skills in design, typography, image, colour, motion graphics, interaction and production from industry-connected faculty.

RELATED PROJECT

- **Skills Guild** April 2021
[Introduction Demo](#)
Our project is Finalist ([TOP 5](#)) in 2021 RE/ACTION Showcase. I am the main front-end developer in our team. The initial project structure was build by me.
 - Build **React Native/Expo** application for deployment on iOS and Android.
 - Use **Redux** to manage all the global states.
 - Use **React Navigation** as Navigation library include Auth navigation, bottom navigation, drawer navigation, and transparent modal navigation, etc.
- **Yulp** December 2020
[Github Repo Demo](#)
Yulp is a React Native app that is created for iOS and Android with geolocation and Yelp API to locate restaurants near you. You can find the restaurants by map view. The restaurants provide contacts and client reviews.
 - Build **React Native/Expo** application for deployment on iOS and Android.
 - Use **React Query** to manage fetching data and status in global.
- **Currency Converter** October 2020
[Github Repo Demo](#)
It's a PWA(Progressive Web Apps) with React. Users can make their own custom currency list. The app running fine while it's offline.
 - Build **PWA** which can download most mobile and computer platforms.
 - Saves all images and currency rate list data on **Service Worker**.
 - Use **React Router** as Navigation library.

CUMPUTING SKILLS

- Javascript | Webpack | Redux
- React | Hooks | Context
- React Native
- Git | GitHub
- HTML | CSS | SASS
- UI/UX design
- Graphic deisgn
- Videos editing

ADDITIONAL EXPERIENCE

- **Graphic Designer** September 2019
YongGuan Decoration CO., LTD — Guangdong
Oct 2018 – Sep 2019 - Guangdong, China
 - Main designer for the graphic part.
 - Design style standards on business cards.
 - Design the company website.
 - Design interior floor plans.

LANGUAGES

- **English**(Fluent) **Cantonese**(Native) **Mardrain**(Native)
